How Did We Clean Up Our Rivers?

Andrew Fisk, Ph.D., Executive Director, Connecticut River Conservancy
Tuesday, February 9 | 6:00—7:00 pm

The history and technology of clean water, and what should “clean” mean.

Mills: Making Places of Connecticut

Renee Tribert, Preservation Connecticut
Tuesday, March 9 | 6:00—7:00 pm

Structures that speak to CT’s industrial past and carry forward to our future.

Three Centuries of Innovation in the CT River Valley

Eric Hintz, Smithsonian’s National Museum of American History
Tuesday, April 6 | 6:00—7:00 pm

CT River Valley remains one of the nation’s important places for creativity.

The Memories and Lives of Old Trees and What They Can Tell Us About Climate History

Neil Pederson, Senior Ecologist, Harvard University Forest
Tuesday, April 27 | 6:00—7:00 pm

Learn how to recognize and “interview” the eldest trees in the forest.

The Connecticut: New England’s Great River

Adair Mulligan, Executive Director, Hanover Conservancy
Tuesday, May 18 | 6:00—7:00 pm

Explore issues in managing the health and visions for the river’s future.

Courageous Dissent: How Harry Bingham Defied His Government to Save Lives

Robert Kim Bingham, Retired Federal Attorney, US Dept of Justice and US
Department of Homeland Security
Tuesday, June 8 | 6:00—7:00 pm

Bingham’s compelling story of placing humanity above career.
